Hi Jay,

Thanks very much for that Rods LP, but I'm sorry to say, but this is also the 2nd LP of Rods!! The first LP is called "Rock Hard", Everyone I know thinks also that the album they have is Rods 1st, but it's the second! This is the cover of the Rods 1st LP:

So on the front cover, you see "Rock hard" above-middle + "The Rods" left from Gary Bordonaro.

On this 1st album are 3 1/2 songs which aren't on "The Rods", their 2nd LP. These are:

- "in your panties"
- "Sit down honey"
- "Gettin' Higher" (also on U.S. Metal I)
- "You better run"

So will you still look out for this 1st LP. I'm

(2)

still happy that I now have the U.S. press of
2nd LP!! Thanks also very much for
- METAL CHAOS (I write a with the editor, called Vincent)
- World Metal Report (This is really one of the best
mags I ever saw, please sent me more mags.
But please another World Metal Report!! and
a Whiplash or METALLIC overkill.

Also many thanks for that excellent DEUCE-
single. It's real excellent, great solo's, good voice,
like Dave de Feis from Virgin Steele!

Thanks a lot for Riot patch + p concert papers
- Can you sent me another one of that same
Deuce single? I hope you like the Sword 7"
But I certainly am sure, because it's fast!!!
So they're one of Holland's best HM bands!!
They played as support-act from Loudness,
on 19th of August 1983, and they're great!!

I enclosed a new additions list, and I'm sure
there are things you'll like. Slayer, ANTHRAX etc.

Unfortunately I can't get now Megadon, and
Sledgehammer is a very simple mag, it's very
small and just typed paper, no colour or some-
thing. I think it's a good one, big information, but
for a foreign metal fan, NO way. Because you can't read
Dutch^k, can you?? HA! HA!
A joke....

I taped you: (with dolby, right??).

I enclosed now two old mags, one is a French, other is one of Belgizum. The French one is great, so is the Belgizum one. I'll get you Megaton next time, and also sledgehammers. And a copy of "HEAVY metal demons", that's an excellent mag, a Dutch one.

Do you really write for all the mags you mentioned?

- Can you get me a Riot patch of "Rock City" or "NARITA" LP? I appreciate it very much, when you look for me for other patches of less-known bands (heavy of course).??

- Can you sent me a list of your albums and singles?? Then I can send you an album you don't have on your album collection. otherwise you get it double. So please sent a list.

- Which singles can you get me? ANTHRAX? or AVATAR? which? ???

I enclosed also the 2 tapes you wanted.

And I enclosed a SATYRIA? "RENEGADE?"

So, please sent me :

- Another world metal report & SIR LORD Baltimore album and when you have another Deuce single I want it very much. And a list of your records + singles...

Tell me what your wants are, and I'll sent it. →
