The letter still continues... too much news:
May 5th I've seen Loupewer... Man, they fuckin' killed with
lightning speed mayhem! I didn't expect that. Much heavier than 4's!
The day before I saw TANKARD, a young hardcore metal 5 piece
in front of 150. half boozed Venom-mimics! You know, the gig
was in Frankfurt, home of Venom's legends. Frank (from S.P.) got
his jacket (leather) stolen, so we looked for it, but without success
Then, on our way back, with some 25 Venom-heads (the half
crowd was too boozed to walk....) we met the fuckin' thieves in subway.
They were 6 "bulldozer" Motocross shithheads. We told 'em to leave
Frank's jacket over, but they won't. Then one of 'em had a
knife and the subway stood still. We just had to send 'em to
hell to get the jacket... and we did! Rough Times, but of course
not comparable to those in NYC!!!

Thanks for those whiplash inducing tapes - SLAYER
killed the hell outta me. Incredible.

EXODUS & MEGADETH are both ^{MEGA-}killer-types, but I
had them before - from Brian Lew!

MEGADETH: That tape wasn't on 19/2/84 ^{at} Wolfgang's,
that was 17/2/84 ^{at} Stone!!!!

I know, cos I have that tape already.
Do you have another Megadeth Live tape?
If so, tape it for me.

Also, send me always your new list!
Maybe I'll find something.

But I can't do heavy trading anymore.

But we, of course, can trade some tapes!

You know, in 1 year I have to go to military, far away from home, so I've to slow down ^(the army) playing ships with all penpals.

But I mean slow down, not stop!

Do you have ANTHRAX-pix of that concert
Orel H "HM Forces" from Southampton.

No Trouble isn't heavy. Fuck 'em up.

Only ~~there~~ a few german bands kill:

Accept, Running Wild, Sodom, Warlock, Grave
Digger and ^{Damien Vanhead} Steeler ^{Helloween}. Not much... ^{Avenger!}

Most I fucked up, really wimp shit!

Soon I'll be seeing a festival in BULLSHIT say at

Belgium: Motorhead, Twisted, H-Bomb, METALLIKILL, Man of Faithful Breakshit, ^{Uchiya} Citarford, Mervful FATE, DIO.

The day before Metallica plays the DYNAMO with FATE
I'll be meeting the boys there!!!

Loan Angel: Open the gates / Devil's gate / Rush of Power / Mammoth
Sea of flames / Wife of devil / Hounds of Hell. New Demo to
