S.A. It starts out with a band called Karion.

They ARE A ~~four~~ piece band with ex-guitarist Art Villirial from SLAYER and CRIS KRONK singing some good melody and BASS-PETE? he is one of the BASSIST in San Antonio. The song is PANZAR and is the only song I have from them, And I hope you enjoy it.

S.A. ~~Next~~ I bet you ARE wondering what the other MEMBERS of SLAYER are doing, well STEVE-VOCKS, Don-BASS, Dave ~~Drums~~, ganged up with former guitarist of RIOT-MARK REALLI, and ~~MAKE~~ NARITA, it came from an old riot album. Well MARK wants to go all commercial as you can tell in The Felling's gone and lyrical, but Thunder Stelle is still pretty heavy, but I think MARK sucks wemics in HELL!!!

S.A. Next is a band called Eliminator with aren't very good but still alright. on this song I do not know NAME of this song. You also might be wondering who's voice that is in the begining well that's Joe Anthony A Famous D.J. For Kiss Fm

And informative interview

3. A' NEXT IS ^{A couple of songs off} THE UNRELEASED NEW Album it starts out with A HEAVY DOSAGE of Ron JARREBECK'S Ability to play the guitar THE GO FOR THE THROAT AND Following Upon us THE END.

3. A' Ritual is up next this the band my uncle is with now with a former name of PROWLER, well the first 3 songs are with their old singer which has no voice control at all so they got rid of him and got a new singer who sings in evil with more voice control but before that is a little solo of my uncle's guitar but then the last song KILLER EYE was done in the studio with singer for WYZARD

3. A' NEXT is WYZARD with FALLEN ANGEL with out the singer and is not an instrumental the BREAKING THE SPELL which is a very melodic song
