 had space for the full guitar battle LP and a
 sample of something new I have.

I really appreciate your call and I feel
 really really sorry that you didn't get ac-
 plished what you wanted. I had only a few
 minutes and then that call came in on call-
 waiting. After going through trouble of lookin'
 up my number, you should have gotten a be-
 response than that; it was just a hurried time.

I'll remember what you said about
 asking for more than I send in updates becau-
 you may want items from my past lists.

My updates are:

Danger Zone 'Victims of Time' LP (E) 6th Ex
